

# BCC's Decorating Rental Items

## DECORATION GUIDELINES

All decorations, along with masking tape, duct tape, thumb tacks, nails or hooks, must be approved in advance with the BCC's staff. No animals, fish, fowl or other "live" decorations along with bottles of bubbles – this also applies to any DJ's using bubbles or smoke. All balloons must be anchored down and candles MUST be in a container. If a contracted decorator is being used, their insurance company must send us a Certificate of Liability. The Belgium Community Center is NOT responsible for any items miss from the event. In the event of breakage of a rented item, the customer is responsible for the current value of the item(s) broken.
